Percentage: 84.6% 2020 – 2021

Shri Jain Public School, Bikaner — Matriculation
Percentage: 77.8% 2018 – 2019

Projects

Mayuri Canteen – Online Food Ordering System (May 2025 – Present)

Mayuri Online is a web-based food ordering system developed specifically for the campus canteen. The system allows students and staff to browse the menu, place orders online, and receive real-time updates on order status, eliminating the need to stand in queues.

The platform is built using the MERN stack, ensuring a smooth, and interactive user experience. It streamlines the entire ordering process.

Library Management System (Dec 2024 – Feb 2025)

The Library Management System is a web-based application developed to automate the daily operations of a library. Built using PHP and MySQL, this system helps in managing books, users, and transactions like book issues and returns efficiently. It eliminates manual work, reduces human errors, and enhances the overall functionality of the library.
